OPCC,

We do not normally reply back to the requestor we normally send a response to yourselves to reply otherwise we get inundated with emails which do not go through the correct process.

The truthful answer is we are not sure, I believe the case will go to court and then the court will arrange the recovery of the amount which will probably go into central government pot.

West Yorkshire Police will not actually see any of this money and will have no involvement in the distribution cash recovered.

Hope this helps.

Regards
