### **SUBJECT OF ADVICE**

The attached paper sets out details of the Better Start Bradford bid to the Big Lottery Fund programme. The PCC was requested to provide funding support to the bid, amounting to £427,574 over 10 years.

**Recommendation:** That the PCC and Chief Constable each contribute 50% towards the bid (£213,787 each over ten years), the PCC's contribution to be made from the earmarked Community Safety Fund Reserve.

**Consideration:** As set out in the attached briefing.

**Risks/Legal Opinion:** This is a legitimate use of police resources and funds can be earmarked for this purpose over the life of the programme.

**Supporting and Dissenting Views:** The PCC has consulted with the Leader of Bradford Council, who is supportive of the bid. The operational recommendation from the Force is to fully support and be part of the bid.
